Welcome to 2024 Volume 2 Edition 10

In this edition: Storage of RVs and trailers at RV Parks

CMCA RV Parks are not storage facilities

A friendly reminder to all Custodians that our RV Parks do not allow storage of RVs, tow vehicles or trailers etc within the park grounds. Our permits to operate are for temporary tourist accommodation, they do not include onsite storage.

We often get requests from guests or members to store a vehicle at our RV Parks. The obvious reason for this request is that our parks are much cheaper than a storage facility.

Whilst we like to help our members, this is not something we can support. Our parks are not secure facilities, and as such the vehicle could be subject to theft or damage because the owner is not with it.

If you do receive a request for a vehicle to be stored at one of our parks, please advise that this is not possible, and if you want this decision to be backed up, please refer them to NHQ.
