39TH NATIONAL RALLY

10-17
OCTOBER
2026

RALLY MANAGER WELCOME

I wish to extend a very warm welcome to everyone who has travelled from far and wide across this great country of ours to attend the 39th National Rally at Bundaberg in 2026.

This rally is also a very special milestone, as it marks the 40th anniversary year of CMCA. Erica and Don Whitworth, our founding members N001, could never have imagined just how much CMCA would grow when they started the Club back in April 1986. Although Don has passed on, we will always honour and remember him. The lovely Erica will be at the rally, so please take the opportunity to have a chat with her.

I would also like to extend a big welcome to our First Timers, who I hope will enjoy the experience of a National Rally and return for many more in the years to come. There is a special desk for you in the Jayco Bundaberg Trade Pavilion, where the team will be happy to assist with any enquiries.

To our rally junkies, welcome back once again. I am sure you will enjoy catching up with old friends and making many new ones along the way.

I would like to especially thank my wonderful secretary, Sheri Crawshaw, who has supported me throughout this venture. I have truly appreciated everything she has done. Together, we have worked hard to bring you, the members, a rally that we hope you will all enjoy, particularly the many activities, events, tours and entertainment organised for you.

To my husband Ray, thank you for allowing me to dedicate so much time to this challenging venture, and to Kim, our volunteers coordinator, who has diligently organised the volunteers - thank you for your hard work and support.

To all the wonderful hard-working volunteers, especially the coordinators, I cannot thank you enough for putting your hand up and helping make this rally an enjoyable experience for everyone.

I would also like to extend a big thank you to Richard and all the wonderful staff at NHQ for their assistance over the last two years, and to all of the Board of Directors for placing their faith in me.

Please take the time to read your Rally Programme, especially the centre pages, which will show you where everything is located, as well as the Daily Schedule to help you plan your time here. Please also support the wonderful sponsors, traders and food vendors on site, along with those who have placed an advertisement in the Rally Programme or Rally Bag.

As you make your way to and from the rally, I hope you enjoy some of the many attractions the Bundaberg region has to offer and take the opportunity to explore further through the wonderful tours available.

Make something at the Craft Barn, learn all about CMCA Traveller at the Technical Hub, attend a seminar, play Disc Bowls or take part in the off-site activities. Utilise the Smiley Bus to get around the grounds and the external bus to patronise local businesses in town.

Lastly, please have fun and, as the CMCA motto says – “Laugh More, Live Longer”.

Judy Forster
Rally Manager

MAYOR OF BUNDABERG WELCOME

On behalf of Bundaberg Regional Council and our community, it is my pleasure to warmly welcome members of the Campervan and Motorhome Club of Australia (CMCA) to the Bundaberg region.

We are delighted you have chosen to visit our corner of Queensland and hope you enjoy both the journey and your time exploring everything our region has to offer.

Bundaberg is a place rich in history and natural beauty. Our region has a proud cultural heritage that stretches back thousands of years. Since European settlement in the late 1800s, Bundaberg has grown into a vibrant and productive community, built on the fertile banks of the Burnett River.

Today, we remain one of Australia's leading agricultural regions, renowned for our sugarcane, fresh produce, and iconic Bundaberg Rum, Bundaberg Ginger Beer and Kalki Moon distilleries, of which you can experience firsthand.

Beyond our rich agricultural roots, Bundaberg offers an abundance of natural attractions. Our coastline features beautiful beaches, from the popular shores of Bargara to the relaxed charm of Elliott Heads and Moore Park Beach – perfect for unwinding and taking in the coastal lifestyle.

We are also proud to be the gateway to the Southern Great Barrier Reef. Lady Elliot and Lady Musgrave Islands provide unforgettable opportunities to explore pristine reef environments, teeming with marine life.

Closer to the city, you'll find a thriving arts and cultural scene. I encourage you to visit the Bundaberg Regional Art Gallery, the Moncrieff Theatre, the Hinkler Hall of Aviation, and our Botanic Gardens – home to the Bundaberg & District Historical Museum. A walk along the Burnett River and through our CBD offers a glimpse into the character and charm of our city.

Depending on the time of your visit, you may also experience one of our most remarkable natural events at Mon Repos, where endangered sea turtles nest and hatch – a truly unforgettable highlight for visitors from around the world.

We value the important role that travellers play in our regional communities, and we are proud to provide welcoming spaces and experiences for CMCA members. During your stay, I encourage you to support our local businesses, meet our friendly residents, and discover the hidden gems that make our region so special.

Thank you for visiting Bundaberg. We hope you enjoy your time here, leave with lasting memories, and perhaps even return again in the near future.

**Warm regards,
Mayor Helen Blackburn
Bundaberg Regional Council**

Bundy's, Sugar Terminal, Port, Marina, Hummock and Surrounds

We'll visit the heart of Bundy's coastal trade at our vibrant shipping port - from where sugar, rum, and molasses are exported. We might be lucky enough to see massive trading vessels load and commence their journey. It's more than a port - it's a front-row seat to export life. Karls Kool RV

After years of frustration with RV fridges failing in the heat, from units that were 5 months old to units that were thirty years old, Karl set out to find a solution. No matter the make or model, whether gas or compressor, RV fridges all suffer from the same flaw: poor performance in warm weather. In Australia's harsh climate, van fridges can reach internal temperatures of over 80 degrees, causing them to overheat, spoil food, and leave you with worst of all, warm beer – every traveller's nightmare. This seminar tells the story behind Karl's Kool Van Fridge and the innovative solution that was developed to beat the heat and keep your fridge running efficiently. Don't miss this session if you've ever battled with your RV fridge on a hot day.

The Solos Network and what it has to offer – Merron McEvoy

Merron McEvoy has enjoyed the camping and travelling lifestyle for many years, beginning with family adventures in a converted Albion bus with her husband and four children. Over the years, her travels have included caravans, a camper trailer through Central Australia, and four-wheel drive adventures while teaching in outback Queensland. As retirement approached, Merron chose life on the road in a motorhome and set off on a journey around Australia. Along the way, she was introduced to the CMCA Solos Network, an experience that transformed her travels. Although she had never considered herself a "club person," the friendships and sense of community she found through the Solos inspired her to embrace the lifestyle full-time.

Today, Merron enjoys attending rallies, bush camps, music festivals and group travels while visiting family across Australia. Passionate about giving back to the community that has enriched her life, she now serves as President of the CMCA Solos Special Interest Group, where she is dedicated to supporting fellow members and encouraging others to experience the many rewards of the RV lifestyle.
